

Muhammad Anus Akhtar

Senior Full Stack Website & Mobile App Developer

anusakhtar786@gmail.com | 0343-1451403 | Pakistan

SUMMARY

Full Stack Developer with 4.5+ years building responsive websites, scalable web applications, and cross-platform mobile apps using React/Next.js, Node.js, and Flutter/Firebase. MPhil in Computer Science (completed February 2026), with 100+ projects delivered for 50+ clients across real estate, e-commerce, and business services.

WORK EXPERIENCE

Full Stack Web & Mobile Developer

Freelance / Contract — 2021 - Present

- Built and shipped 100+ web and mobile projects across real estate, e-commerce, and business service industries
- Architected scalable full-stack applications (React/Next.js + Node.js) with admin dashboards and analytics
- Delivered cross-platform mobile and desktop apps using Flutter, Firebase, and local AI tooling for business use cases
- Led feature development end-to-end: API design, database architecture, and UI/UX implementation

EDUCATION

MPhil, Computer Science

Minhaj University Lahore — Completed February 2026
